BRIEF OVERVIEW

NGO United Equality is a Swedish non-profit and non-governmental organization, founded in June 2022, with a mission to promote equality, inclusion, and youth empowerment. With three years of experience, we have been actively engaged in Erasmus+ projects and community-based initiatives, creating opportunities for young people to grow, develop skills, and engage in meaningful social change.

Our core focus is on social inclusion, sustainability, and civic engagement, ensuring that youth gain the knowledge and tools needed to navigate and improve society. We are strongly aligned with the Sustainable Development Goals (SDGs) and actively incorporate them into our work, helping young people understand their role in building a better future.

United Equality was founded by a group of young changemakers driven by a vision of a more equal and inclusive world. While Sweden is recognized for its advancements in equality, there is always room for improvement, and we believe that empowering and educating youth is the key to long-term progress.

Our mission is to spread knowledge, provide non-formal education, and create platforms for young people to develop personally and professionally. Through local and international projects, digital learning, entrepreneurship, and research, we strive to make a lasting impact at every level of society. Every initiative, no matter how small, is a step toward a more united and equal world.

ACTIVITIES AND EXPERIENCES OF THE ORGANISATION

NGO United Equality believes in the power of young people and their ability to shape a better society. With several years of experience, we are committed to non-formal education, creating opportunities for youth to engage, learn, and grow through innovative and interactive methods. We strongly believe in hands-on learning that enables individuals to reach their full potential.

Some of the key activities we implement include (but not limited to):

- Artistic and Creative Workshops
- Leadership and Team Building Activities
- Digital Skills and Media Literacy Training
- Learning-by-Doing and Practical Implementation
- Organizing National and International Youth Projects
- Facilitating Seminars and Discussions on Social Issues

Our team brings diverse expertise, particularly in digital media, critical thinking, and youth empowerment. With board members specializing in media and video production at a Swedish university, we integrate media literacy, fact-checking, and digital awareness into our work, ensuring young people can navigate today's fast-paced information landscape.

For us, it is crucial not just to educate but to empower, giving youth the skills and confidence to apply their knowledge in real-world situations. Through non-formal education and interactive methods, we create meaningful learning experiences that help young people become active changemakers in their communities.

We are constantly expanding our work and looking for new ways to engage, inspire, and create impact. Our goal is to build a stronger network of young leaders who drive positive change, both locally and internationally. With every project, we take one step closer to a more equal and inclusive future.

KEY STAFF

Samuel Naumovski Vickius - Samuel took the initiative to establish the organization after participating in numerous Erasmus+ projects. His international experience includes valuable contributions to projects in Colombia, Kenya, Indonesia, and Morocco, giving him extensive knowledge of Erasmus+ KA1 and KA2 projects as well as expertise in facilitation and project planning. Samuel recently graduated with a degree in International Social Science, specializing in Peace and Development Studies. Alongside his academic background, he has several years of experience working with Swedish authorities, further strengthening his skills in policy, leadership, and international cooperation.

Stefan Pajkic - Stefan is a clear example of how young people can grow and thrive within United Equality. Starting as one of our youngest participants, he quickly demonstrated valuable leadership, problem-solving, and organizational skills, earning his role as Vice President. His dedication and ability to take initiative have made a significant impact on our projects and team. Currently pursuing an engineering degree in Stockholm, Stefan brings a structured and analytical mindset to our work. His passion for innovation, teamwork, and youth empowerment continues to drive United Equality forward, making him an integral part of our leadership and future development.

Lilit Harutyunyan - Lilit has been a key figure in United Equality, previously serving as Vice President and now continuing her work as an active board member. With over eight years of experience in Erasmus+, she has taken on roles as a participant, group leader, facilitator, and coordinator at both national and international levels. Her deep understanding of youth work and project management has been invaluable to our organization. Now working as a doctor in Stockholm, Lilit brings a diverse background and strong leadership skills to the team. She remains highly engaged in our mission, using her expertise and international experience to support United Equality's growth and impact.

DISSEMINATION OF PROJECT

This aspect is crucial to our work, and we strive to maintain the highest quality in our dissemination efforts. We contribute by writing reports publishing articles, and issuing press releases to reach a wider audience. Additionally, we organize information sessions for students in local schools and universities, ensuring that knowledge is shared directly with young people.

To further engage our community, we host exhibitions showcasing the materials and content developed through our projects. Our team also brings strong expertise in graphic design and web development, allowing us to effectively communicate our message through social media and digital platforms, maximizing outreach and impact.
